Card Writing Tips

- Can be written in Korean or English. Thank you for writing legibly!
- Can be purchased or beautifully handmade. For handmade cards, please use cardstock, not construction paper if possible.
- All cards should be left unaddressed, just write your heartfelt message! (Don't include "Dear" or "To")
- Please leave cards unsealed -- envelopes not required!
- Please do not include dates -- i.e. "Happy New Year!" instead of "Happy New Year in 2050!"
- Brief, heartfelt personal experiences are okay to share, but do not include personal contact information.
- Avoid making political statements or hurtful comments about North Korea. Please remember, many still have family or friends in North Korea and long to be reunited someday.
- Kids can also participate! Teachers/Parents prepare stickers, templates, or printed messages for kids to use inside cards.
- Many refugees are Christian or experienced support from Christian communities so feel free to bless and express Jesus' love for them!
- Card-writing is a great activity to do with your church, friends, organization, and family! Contact us about setting up a Box of Hope "Cards & Coffee/Cocoa" event!
